## PROFILE

I am a doctor from Myanmar who has 7+ years of experience in health care profession. I am very experienced in both in-patient and out-patient care. Positive and hard worker. I'm also experienced in general practice for 7+ years and can handle and discuss most of the medical problems. I am also very confident in hospital care setting as I worked as an assistant surgeon (medical officer) level under Ministry of Health and Sports for 7 years. My career objective is to become a successful physician and I love my job and achieving milestones working with a team.

500-bedded Yangon Specialty Hospital

Date – 2.8.2023

TO WHOM IT MAY CONCERN

This is to certify that Dr. Min Htet Aung, M.B.,B.S, served as a Medical Officer at 500-bedded Yangon Specialty Hospital from April 2020 to August 2023.

He received his clinical training at the department of Hepatology, Thoracic Surgery, Anesthesia and Intensive care unit, Urosurgery, Rheumatology, Chest Medical Ward, Renal Medical Ward and Emergency and Out-patient Care.

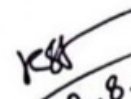

During these 3 years, we found him a confident and skilled medical officer with extensive clinical experiences. He is a good team leader with great interpersonal skills and has ability to work under stressful conditions. He takes very good care of patients; discuss patient's conditions, test results and various treatment options with patients and families. He actively participates in continuous medical education (CME) sessions, case-based discussions and journal reading sessions.

We are so pleased to recommend him as a medical doctor at your healthcare organization. We wish him all the best for his future.

Sincerely,

  
2.8.2023

## Good Standing Certificate

Subject: Recommendation letter for Good standing

Date: 28.12.2023

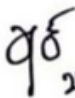

To whom it may concern;

I am pleased to write this letter of recommendation for Dr Min Htet Aung: He has worked as a medical officer for seven years at both private and government hospitals. He has great interest in his profession and always remained enthusiastic during his jobs period.

Dr Min Htet Aung is a confident and skilled medical officer with extensive clinical experiences. He is a good team leader with great interpersonal skills and has ability to work under stressful conditions. He takes very good care of patients; discuss patients' conditions, test results and various treatment options with patients and families. He actively participates in continuous medical education (CME) sessions, case-based discussions and journal reading sessions.

I am so pleased to recommend as a medical officer at your healthcare system. His clinical performance, organization skills and overall conduct at the hospital is satisfactory and he also has a good moral standing. Please feel free to contact me if you have any questions.

Sincerely,

  
28.12.23

Dr Chit Myat Noe
